

Chalet Treize Etoiles, Verbier (sleeps 10+2)

Chalet Treize Etoiles is one of Verbier's most luxurious penthouse apartments available to rent. Designed by one of Verbier's most renowned architects, attention to details is at its finest. By day sunlight floods through the floor to ceiling double height windows, which open into a large south facing balcony overlooking the valley. On the balcony sink into the soft sheekskin covered chairs or enjoy a chilled glass of champagne in the outdoor private hot tub.

The chalet is equipped with state of the art technology including a Sonos music system linked to every room. The upstairs mezzanine level is a comfy snug with a large plasma screen, DVD player, Apple TV or for the more energetic a Nintendo Wii.

With two double bedrooms, twin rooms and one bunk room the chalet can sleep 10-12 people very comfortably. The master bedroom is particularly special with a spacious balcony looking out onto the mountains behind. For children the bunkroom has a toy cupboard and DVD player, giving them the perfect hideaway.

Ideally located just a few minutes walk from the centre of Verbier, guests have the added luxury of a 24hours driver service.
